

Annual Membership Registration and Additional Donation

Minocqua / Kawagasuega Lakes Protection Association (**MKLPA**) is an all-volunteer group of concerned and involved citizens working to protect the lakes and their surroundings by enhancing the water quality, fishery, and aesthetic value of our lakes as public recreational facilities for today and future generations. **MKLPA is a 501(c) (3) Non-profit organization. As such, all membership dues and donations are tax deductible.**

We need your help!

- **Eurasian water-milfoil has invaded and flourished in our lakes.** We are progressing with an aggressive 3yr plan to use grants, membership dues, and additional donations to stop and reverse the spread of this invasive weed. Expenditures for 2020 may reach several hundred thousand dollars and significantly deplete reserves for actions intended for the following years.
- **A diminished walleye population has necessitated a continuation for another year of the moratorium on walleye catch-and-keep.** In concert with scientists and other concerned citizens, we are cooperating in every way we can to try and develop reliable and sustainable solutions.
- **Water-quality analyses indicate our lakes are not as pristine as they once were.** We are examining options to control the influx of phosphorous, a surplus of which can result in algae blooms and diminished oxygen levels. Reducing concentrations of phosphorus will eventually result in improved water clarity and habitat.

All our goals require collaboration with and or approval from various state agencies and other private groups. We cannot succeed without representing 100% membership support from everyone living on, using and relying on the attractiveness of our lakes!

We are committed to modernizing our information sharing electronically and request you provide full following details with our endeavor to keep all personal information safe and private.

Name _____ *(exactly as it will appear in acknowledgement)*

Primary Mailing Address _____

Lake Address *(if different)* _____
